General Hospital, Austria

Dear Colleagues,

we cordially invite you to the 2nd edition of the previously very successful interdisciplinary masterclass in minimal invasive pelvic surgery in Vienna. In current complex medicine, subspecialization has become mainstream and various disciplines offer surgical treatment for numerous diseases such as incontinence and pelvic organ prolapse. With our interdisciplinary cadaver hands-on workshop for surgeons and gynecologists, we intend to offer you not only improvement of your personal skills, but also a broader look at what is state-of-the-art in other specialties.

Our ICS approved course may encourage you to become a true sparring partner for your clinical colleagues and may impact treatment decision-making in a multidisciplinary setting for the benefit of patients with pelvic floor disorders.

Stefan Riss

Nikolaus Veit-Rubin

13th May 2020

Venue: Jugenstilh rsaal

4.00 – 4.05 pm

Welcome

Stefan Riss and Nikolaus Veit-Rubin

4.05 – 6.00 pm

1st theoretical session

Anatomical landmarks in pelvic floor surgery

Wolfgang Umek

Sacropexy „in a nutshell“ – Indications, technique, data, complications

Bruno Deval

Rectopexy „in a nutshell“ – Indications, technique, data, complications

Felix Aigner

Pitfalls and complications in pelvic floor surgery

Oliver Jones

Sacral neuromodulation „Everything you need to know“

Irmgard Kronberger

Midurethral slings „in a nutshell“ – Anatomy, indications, technique, data, complications

Alex Digesu

Question and answer

Faculty

14th May 2020

Venue: Center for Anatomy and Cell Biology

8.00 – 8.15 am

Welcome

Heinz K lbl and Bel  Teleky

8.15 – 8.25 am

2nd theoretical session

Sacropexy – How I do it

Heinrich Husslein

Ventral mesh rectopexy – How I do it

Stefan Riss

8.25 am – 12.00 pm

1st practical session

Laparoscopic ventral mesh rectopexy

Laparoscopic sacropexy

In between coffee and cake

12.00 – 12.45 pm

Lunch break

12.45 – 1.15 pm

Cases for the experts – the pelvic floor board discussion

Faculty

1.15 – 1.25 pm

3rd theoretical session

Resection Rectopexy – How I do it

Mhairie Collie

Midurethral slings – How I do it

Engelbert Hanzal

1.25 – 3.10 pm

2nd practical session

Resection rectopexy

Midurethral slings

In between coffee and cake

3.10 – 3.40 pm

3rd practical session

Sacroneural Modulation

In between coffee and cake

3.40 – 4.00 pm

Final discussion and distribution of certificates
